A Plan of H.O.P.E.

We Can Help- The H.O.P.E. Plan (For those in Default and Facing Foreclosure)

Everybody needs HOPE. We understand the struggles that life brings and it is our desire to help others find solutions to the circumstances they may be facing with their homes.

Time Is of the Essence....

But having the correct information to your specific situation is equally paramount to knowing which steps are best for you to take. We are in a very different time, a time, which few have ever witnessed. You may have heard many things about what you can do for your situation, but the information keeps changing, almost daily. We as realtors have seen and heard the same things, and realized that.

Our Financial Landscape...is changing

Our nations financial system as well as our whole economy is going through some extreme changes. Along with those extreme changes has come some rapidly evolving changes in which distressed property owners now can take advantage of that changing financial landscape. Our team at RidgeWater Real Estate Services have put together this website, <http://www.hopeoptions4you.com/> our goal is to bring together current news and real solutions to your current situation. This is not some marketing idea or scam, but out of our real concern to help you find the answers you need, now.

Foreclosure?.....You Now Have Other Options

If are currently behind on your monthly home payment.....foreclosure is not your only answer. We will show you how things have changed and where to find answers that before this year did not exist to the full extent which they now do.

Making Home Affordable (MHA), our Governments solution to reducing foreclosures (03/04/2009)

Below are some HopeOptions alternative solutions to foreclosures. To see more complete information, go to the HopeOptions menu link to the left side of our web page. For a brief introduction to all the HopeOptions available, please read below.

Our Goal....Creating A Win

We want to help you create the best possible "win" under the circumstances.

We have current information that is updated regularly that discusses in detail the options, possible consequences and ways to move forward into the future with success and hope.

A loan modification may be the best option. A short sale may be the best option. Foreclosure may be your only option. A "deed in lieu" may be your best option.

No Cookie Cutter Solutions, We Know Each Situation Is Unique

If we can help please feel free to contact us. We would love to talk with you face to face to discuss the options available to you. We also recognize that every situation is unique and has special circumstances. We don't have a "cookie cutter" approach to your situation and each circumstance is different. Each loan, family and situation is unique and "one size does not fit all."

We will treat you as a person and will give you the best our team has to offer. We would love to help you discover the options and the best option for you- but talk with an attorney and/or tax expert before, during and after talking with us to make sure you know how your decision(s) will impact you now and in the future.
